SCHEDULE

A. PROJECT (clauses 1.1 and 2.4)

Background

The Department is operating OzFoodNet, an enhanced foodborne disease surveillance system, to apply concentrated effort at a national level to investigate and understand foodborne disease, to describe more effectively its epidemiology and to identify ways to minimise foodborne illness in Australia.

OzFoodNet aims to:

1. estimate the incidence and cost of foodborne illness in Australia;
2. investigate the epidemiology of foodborne diseases, by enhancing surveillance and conducting special studies on foodborne pathogens;
3. collaborate nationally to coordinate investigations into foodborne disease outbreaks, particularly those that cross State, Territory and country borders;
4. identify foods and commodities that cause human illness and provide information to food safety agencies for risk assessment; and
5. train people to investigate foodborne illness.

The Department is providing funding to assist with the operation of an OzFoodNet site in each State and Territory in Australia. This activity will be coordinated at a national level by a coordinating epidemiologist engaged by the Department ("the Coordinating Epidemiologist").

Obligations of the State

Operation of the OzFoodNet Site

The State must maintain an OzFoodNet Site ("OzFoodNet Site") to undertake active surveillance and investigation of foodborne (or suspected foodborne) outbreaks from 1 July 2008 through to 30 June 2012 (inclusive).

The State must ensure that the OzFoodNet Site is an operational adjunct to the current jurisdictional surveillance infrastructure that collects, collates, manages and coordinates the transfer of information across and within jurisdictions for the purposes of contributing to the provision of national data on the reported incidence of foodborne disease outbreaks.

The State must deliver the outputs described in Annexure A to this Schedule.

The State or Department may nominate additional activities (including secondment) to be undertaken in the national interest (i.e. during the course of public health responses or emergency situations). Any additional activities and associated costs would be subject to agreement between the Department and the State.

Engagement of an Epidemiologist

The State must

- (i) engage an Epidemiologist (the "State Epidemiologist"), to coordinate and oversee the work of the OzFoodNet Site; and

- (ii) ensure delivery of the outputs outlined in Annexure A to this Schedule in consultation with the Coordinating Epidemiologist.

The Coordinating Epidemiologist will provide the State with reporting templates ("Reporting Templates"). The Reporting Templates may be amended by the Coordinating Epidemiologist during the course of the Agreement. The State must use the Reporting Templates for reporting and surveillance in relation to this Agreement.

B. FUNDING PERIOD (clause 1.1 and 3.2)

The Funding Period commences on the date of this agreement and ends on 10 August 2012.

The Parties acknowledge that the State commenced work, in relation to this Agreement, on 1 July 2008. The parties further agree that such work will be considered to be work performed under this Agreement and that the terms of this Agreement will apply accordingly.

The Completion Date is the date that is 60 days after the Commonwealth has received the Acquittal Report for the period 1 July 2011 to 30 June 2012 (due 30 September 2012) and all deliverables required under this Agreement.
