n the Commonwealth of Australia and
n the States and Territories, being:
  t The State of New South Wales
  t The State of Queensland
  t The State of South Australia
  t The State of Tasmania
  t The Australian Capital Territory
  t The Northern Territory of Australia

National Partnership Agreement on Transitioning Responsibilities for Aged Care and Disability Services

INTERGOVERNMENTAL AGREEMENT ON FEDERAL FINANCIAL RELATIONS

PRELIMINARIES

1. This National Partnership Agreement is created subject to the provisions of the Intergovernmental Agreement (IGA) on Federal Financial Relations and should be read in conjunction with that Agreement and its Schedules, which provide information in relation to performance reporting and payment arrangements under the IGA.

2. In entering this Agreement, the Commonwealth and the States and Territories (the States) recognise that they have a mutual interest in the delivery of care and support for frail older people and people with a disability and recognise the need to work together to achieve agreed outcomes for these groups.

3. This Agreement, in accordance with the decision by the Council of Australian Governments (COAG) through the National Health Reform Agreement, will contribute to the Commonwealth assuming funding and policy responsibility for all aged care services for non-Indigenous people aged 65 years and over and Aboriginal and Torres Strait Islander people aged 50 years and over from 1 July 2011. States will assume funding and program responsibility for Basic Community Care Services for people under these ages in line with their principal responsibility for delivery of other disability services under the National Disability Agreement.

4. This Agreement is created subject to the National Health Reform Agreement and should be read in conjunction with that Agreement and its schedules.

5. This Agreement will be implemented consistently with the objectives and outcomes of all National Agreements and National Partnerships and any relevant intergovernmental agreements agreed by the Parties. In particular, the Parties are committed to addressing the issue of social inclusion; including responding to Indigenous disadvantage (for example, the reform commitments provided in the National Indigenous Reform Agreement) and those commitments are embodied in the objectives and outcomes of this Agreement.

6. Consistent with Schedule F to the National Health Reform Agreement, the Commonwealth and the States have agreed new roles and responsibilities which are reflected in this Agreement. Consistent with the National Health Reform Agreement, payments under the National
Disability Specific Purpose Payment (SPP) will be adjusted to ensure that no party is financially advantaged or disadvantaged between 1 July 2011 and 30 June 2014 due to the agreed changes in roles and responsibilities. The adjustment to the National Disability SPP will balance the following payment flows:

(a) additional funding responsibilities arising from the agreed age distribution for the Commonwealth or a State for basic community care services to its recognised age cohort;

(b) payments made by the Commonwealth for specialist disability services delivered to Older People;

(c) payments made by the States for Community Packaged Care delivered to Younger People; and

(d) payments made by the States for Residential Care delivered to Younger People.

7. This Agreement includes Schedules that further outline the arrangements between the Commonwealth and the States in relation to responsibilities for aged care and disability services. At the time of signing this Agreement:

(a) Schedule A will support the ongoing delivery of Basic Community Care Services in 2011-12, taking into account the changes in funding responsibilities agreed by COAG. It also contributes to the transition to the Commonwealth of operational responsibility for Basic Community Care Services for non-Indigenous people aged 65 years and over and Aboriginal and Torres Strait Islander people aged 50 years and over from 1 July 2012; and

(b) Schedule B sets out cross-billing arrangements for 2011-12 to ensure that each level of government funds the provision of services to the client group for which it is responsible. These arrangements will be between governments and will have little or no direct impact on service providers and clients.

8. This Agreement will ensure that all veterans and war widows/widowers, as members of the wider community, are able to continue to access Basic Community Care Services in 2011-12.

(c) bilaterally agreeing processes for reconciliation from 1 July 2012 for:

1. State funding of Community Packaged Care and Residential Care services to Younger People, and Commonwealth funding of Specialist Disability Services to Older People; and

**Performance milestones**

28. The Parties agree to meet the following milestones:

(a) develop bilaterally agreed estimates of the cost of Specialist Disability Services for Older People in 2012-13 and 2013-14 by 29 February 2012;

30. The reporting arrangements under this Agreement will be reviewed as necessary to ensure there is no duplication or conflict with reporting under the National Disability Agreement.

   (d) the Commonwealth will consult with States on the indexation and growth rates to determine the baseline for the budget neutrality calculation in relation to the 2012-13 and 2013-14 years; and

   (e) the process for reaching agreement on the need for any adjustment as outlined above will be settled as part of 28(a), 28(b) and 28(c).

PART 6 — GOVERNANCE ARRANGEMENTS

Dispute resolution

35. Any Party may give notice to other Parties of a dispute under this Agreement.

36. Officials of relevant Parties will attempt to resolve any dispute in the first instance.

37. If a dispute cannot be resolved by officials, it may be escalatated to the relevant Ministers and if necessary, the relevant COAG Council.

38. If a dispute cannot be resolved by the relevant Ministers, it may be referred by a Party to COAG for consideration.
Review of the Agreement

Variation of the Agreement

40. The Agreement may be amended at any time by agreement in writing by all the Parties.

41. A Party to the Agreement may terminate their participation in the Agreement at any time by notifying all other parties in writing. If this occurs, liability to make payments is limited to payments associated with milestones achieved by the date of effect of termination.

Cross-Billing Arrangements

NATIONAL PARTNERSHIP AGREEMENT ON TRANSITIONING RESPONSIBILITIES FOR AGED CARE AND DISABILITY SERVICES

DESCRIPTION

1. This Schedule sets out the cross-billing arrangements to ensure that each level of government funds the provision of services to the client group for which it is responsible in 2011-12. These arrangements will be between governments and have little or no direct impact on Service Providers and clients.

2. The Commonwealth will provide $125.3 million in funding over 2011-12 to States to deliver Specialist Disability Services to Older People, in accordance with their roles and responsibilities under the National Disability Agreement (NDA).

3. States will provide $251.9 million to the Commonwealth Government over 2011-12 to deliver Community Packaged Care and Residential Care to Younger People.

4. The cross-billing amounts for the period of this Schedule will be based on Notional Costs.

5. The Commonwealth and States agree to collect client usage data through the duration of the Schedule to inform cross-billing amounts in future years. This Schedule details the cross-billing arrangements only for the year 2011-12, until the bottom up costing exercise that will inform funding estimates for 2012-13 and a reconciliation of the 2011-12 budget neutral calculations has been completed. A new Schedule will be developed by 31 May 2012 to cover cross-billing arrangements from 2012-13 onwards.
