4. In entering this Agreement, the Commonwealth and Tasmania recognise that they have a shared interest in improving health outcomes for Tasmanians and will work together to achieve those outcomes.

5. This Agreement will be implemented consistently with the objectives and outcomes of all National Agreements and National Partnerships agreed by the Parties. In particular, the Parties are committed to addressing the issue of social inclusion, including responding to Indigenous disadvantage (for example, the reform commitments provided in the National Indigenous Reform Agreement) and those commitments are embodied in the objectives and outcomes of this Agreement.
