

JobTrainer Fund Schedule

FEDERATION FUNDING AGREEMENT - EDUCATION AND SKILLS

Table 1: Formalities and operation of schedule	
Parties	Commonwealth of Australia New South Wales Victoria Queensland Western Australia South Australia Tasmania Australian Capital Territory Northern Territory
Duration	This Schedule is expected to expire on 30 June 2023.
Purpose	This Schedule establishes shared funding arrangements between the Commonwealth and states and territories (the States) for the JobTrainer Fund (the Fund). The Fund will support a rapid increase in low or no fee training places for the target cohorts in areas of identified skills need and/or employment growth, to support them into employment as Australia emerges from the COVID-19 pandemic.
Estimated financial contributions	<p>The Commonwealth will provide an estimated total financial contribution to the States of \$1 billion in respect of this Schedule. States will be required to match the Commonwealth's contribution (Table 1 refers).</p> <p>In doing this, all parties commit to meeting the Baseline Funding commitment set out in the Appendix A, Table 1 on average in 2020, 2021 and 2022.</p> <p>State matched funding will be additional to existing Commonwealth</p>

Additional terms	<p>States agree to implement the JobTrainer Fund in accordance with the Funding Principles at Appendix A.</p> <p>The parties acknowledge that COVID-19 has created a very uncertain health and economic environment, and may impact the plans and timeframes agreed under this Schedule.</p> <p>Changes to Appendix A may be agreed in writing between state and Commonwealth Skills Ministers, either multilaterally or bilaterally where the changes will not affect other parties. This includes where there is an outbreak of COVID-19 in a jurisdiction.</p> <p>Given the importance of training to support the recovery, monthly reporting of detailed data is considered necessary.</p>

Output	Performance milestones	Estimated milestone due date	Payment
Provision of low or no fee training places for target cohorts in areas of identified skills need in accordance with principles outlined at Appendix A.	Commencement of schedule: States sign the Heads of Agreement for Skills Reform States agree and sign-up to the schedule	N/A	Milestone Payment 1 as per Table 3
	Submission of Initial Delivery Plan The Initial Delivery Plan will outline the jurisdiction's proposal to deliver JobTrainer in its state or territory. This will include: <ul style="list-style-type: none"> - An outline of the target cohorts and the priorities of the Fund including the mix of proposed training to be delivered - Jurisdiction's indicative number of training places and initial estimate of the mix of full and short courses and the respective average prices - Qualifications and short courses selected from the National Skills Commission (NSC) list. Where the jurisdiction intends on spending up to 10 per cent of the Fund on ancillary costs, the plan will also include an outline of those ancillary costs. 	Within 30 days of signing the agreement	N/A
	Submission of Monthly implementation updates: Monthly implementation updates will outline: <ol style="list-style-type: none"> 1. Number of training places or funding allocated with estimated training places or hours to contracted Registered Training Organisations (RTOs); 2. Uptake of training via the Fund including the number of enrolments, commencements and completions by: 	By the 15 th of the following month every month throughout the life of the agreement.	N/A

	<ul style="list-style-type: none"> - Cohort - Age group - Gender - Location (metropolitan, regional, remote) - Course - Qualification level - Indigeneity (where known) - Culturally and linguistic diversity (where known) - Progress against targets for aged care and digital skills 		
	<p>Enrolment of students in training places</p> <ul style="list-style-type: none"> - Provision of evidence (as part of the monthly reports, or in a separate report) that students have enrolled in training places that utilise a minimum of 20 per cent of the Fund for agreed qualifications and skillsets in their jurisdictions. - Funding for ancillary purposes will count toward meeting this milestone on a pro-rata basis. For example: To meet the 20 per cent Fund utilisation milestone, a minimum of 18 per cent utilisation must be met through enrolments, with a maximum of 2 per cent met through ancillary funding - Early completion of this milestone will allow early payment within the same financial year as the report due date. 	28 February 2021	Milestone Payment 2 as per Table 3
	<p>Six monthly Review</p> <p>Assesses and provides report of progress including demand for training and any changes in the health and/or economic environment, to inform required adjustments including to the scope, size, timing and payment structure under the Fund. This includes:</p>	28 February 2021	

	<ul style="list-style-type: none"> - on the contracting out of places to RTOs (as per above); - an update on the initial plan including reassessment of the needs of the target cohorts and recommendations with respect to the size, scope and timing of the Fund based; - the aggregate indicative number of contracted training places by qualification/short course; - actual number of enrolments, commencements, completions and training hours delivered, including by cohort, short/long course and training location; - proportion of students that attracted a loading; - top qualifications and short courses funded; and - the associated Commonwealth and state funding allocated <p>This information will inform a mid-point review of the Fund undertaken by the Commonwealth, in consultation with the States. This includes:</p> <ul style="list-style-type: none"> - reassessment of the needs of the target cohorts and recommendations with respect to the size, scope and timing of the Fund - Information on income recipient caseloads, including by state, age and location, as well as an overview of economic and labour market conditions. 		
	<p>Enrolment of students in training places:</p> <ul style="list-style-type: none"> - States provide evidence (as part of the above reports, or in a separate report) that students have enrolled in training places that utilise a 	<p>20 May 2021</p>	<p>Milestone Payment 3 as per Table 3</p>

	<p>minimum of 35 per cent of the Fund for agreed qualifications and skillsets in their jurisdictions.</p> <ul style="list-style-type: none"> - Funding for ancillary purposes will count toward meeting this milestone on a pro-rata basis. Early completion of this milestone will allow early payment within the same financial year as the report due date. 		
	<p>Extension and expansion of JobTrainer States agree to the amended schedule</p>	<p>N/A</p>	<p>N/A</p>
	<p>Submission of revised Delivery Plan The revised Delivery Plan will outline the jurisdiction’s proposal to deliver the JobTrainer extension and expansion in its state or territory. This will include:</p> <ul style="list-style-type: none"> - An outline of the target cohorts and the priorities of the Fund. - Jurisdiction’s indicative number of training places and initial estimate of the mix of full and short courses and the respective average prices. - The jurisdiction’s proposed approach to delivering the allocated aged care places and for using best endeavours to use those places to support a strong pipeline of aged care workers - The jurisdiction’s proposed approach to delivering the allocated digital skills places, including how these will be targeted towards local skills needs. - The Qualifications and short courses selected from the National Skills Commission (NSC) list that the jurisdiction intends to fund 	<p>30 days from signing the extension and expansion of JobTrainer</p>	<p>Milestone Payment 4 as per Table 3</p>

	<ul style="list-style-type: none"> - Where the jurisdiction intends on spending up to 10 per cent of the Fund on ancillary costs, the plan will also include an outline of those ancillary costs. 		
	<p>Enrolment of students in training places</p> <ul style="list-style-type: none"> - Provision of evidence in a report that students have enrolled in training places that utilise a minimum of 60 per cent of the Fund for agreed qualifications and skillsets in their jurisdictions. - Funding for ancillary purposes will count toward meeting this milestone on a pro-rata basis. For example, 40 per cent of the ancillary fund is counted towards the total committed funding as demonstrated by enrolments. - Early completion of this milestone will allow payment within the same financial year as the report due date. Late completion of this milestone, for example where a jurisdiction has experienced significant COVID-19 related restrictions, will also be permitted and enable payment at a later date up until the end of the Enrolment Period. 	February 2022	Milestone Payment 5 as per Table 3
	<p>Enrolment of students in training places:</p> <ul style="list-style-type: none"> - States provide evidence (as part of the above reports, or in a separate report) that students have enrolled in training places that utilise a minimum of 80 per cent of the Fund for agreed qualifications and skillsets in their jurisdictions. - Funding for ancillary purposes will count toward meeting this milestone on a pro-rata basis. 	July 2022	Milestone Payment 6 as per Table 3

	<ul style="list-style-type: none"> - Early completion of this milestone will allow early payment within the same financial year as the report due date 		
	<p>End of Fund report:</p> <p>Provides a stocktake/acquittal including:</p> <ol style="list-style-type: none"> a. a review of the Fund and an assessment of its effectiveness in meeting the needs of the target cohorts within the jurisdiction, including assessment of whether the targets for aged care and digital skills places were met; b. the actual total number of commencements, enrolments, completions and training hours delivered including by cohort, short/long course, and training location; c. proportion of students that attracted a loading; d. the top qualifications and short courses funded; and e. the associated Commonwealth and state funding expended. <p>This information will inform an evaluation of the Fund undertaken by the Commonwealth.</p>	<p>30 June 2023</p>	<p>N/A</p>
<p>Promotion of the Fund on My Skills and through the National Careers Institute.</p>	<p>Information for My Skills</p> <p>Provision of the following information for the purposes of promoting the Fund on the My Skills website</p> <ul style="list-style-type: none"> • Qualification codes for each qualifications and short courses to be funded under the Fund • RTO codes for those that are contracted to deliver training places under the Fund. 	<p>By the 15th of the following month every month throughout the life of the agreement.</p>	<p>N/A</p>

	<ul style="list-style-type: none">• Fees that students will be expected to pay for each course• Actual fees that students pay for each course for each RTO.• Next start date for each course by RTO• Approach to setting fees relative to the course price by RTO.• Link to the relevant state or territory website that will feature the JobTrainer Fund information, list of occupations and list of full qualifications and short courses to be funded in the jurisdiction.

APPENDIX A: FUNDING PRINCIPLES FOR THE JOBTRAINER FUND

Target student cohort

1. The Fund is intended to support as a first priority, job seekers, young people (including school leavers) and people who are interested in studying an aged care or digital qualification. Training providers will be required to verify evidence of eligibility to states:
 - a. Job seekers: for the purposes of JobTrainer, job seekers means:
 - i. individuals out of work;
 - ii. individuals who are in receipt of income support payments.
 - iii. individuals expected to become unemployed as agreed bilaterally between the Commonwealth and the relevant State.
 - b. Young people (including school leavers): 17 to 24-year-old individuals, regardless of employment status.
 - c. Aged care, childcare and disability care workforce: people enrolling in an aged care, childcare or disability care qualification, regardless of age or employment status.
 - d. Digital skills: people enrolling in digital skills qualifications, regardless of age or employment status.
2. These groups will be eligible to access a training place supported by this Fund, regardless of their prior qualifications.
3. States will be responsible for determining the evidence of eligibility that RTOs may accept and verifying as part of their own compliance and assurance arrangements.
4. State systems currently provide training for the above listed cohorts through existing programs and funding streams. The Fund may be used to expand these offerings, but states must be able to demonstrate that the funding is providing *additional training places* to support individuals to upskill and or reskill in areas of demand commensurate with the additional funding committed under JobTrainer.
5. Students may be able to undertake more than one short course or full qualification funded through the JobTrainer Fund at the discretion of the State.
6. The Fund will support around 460,000 additional training places, depending on the mix of full qualifications and short courses delivered. States will have flexibility in the mix of course offerings to best suit the needs of the target cohorts, based on a broad list agreed with the NSC.

7. States will use best efforts to ensure there is a sufficient allocation of aged care and digital skills places to RTOs from 1 October 2021 to achieve additional enrolments as follows:
 - a. 33,800 places for aged care related enrolments
 - b. 10,000 places for digital skills related enrolments
8. Pro-rata allocations and forecasts will be reflected in the delivery plans provided by states.
9. The aged care and digital skills targets in clause 7 will be in addition to the number of government subsidised training places delivered on average in the 2017, 2018 and 2019 years for equivalent courses.
10. If a state determines that, due to a lower or higher take up rates than originally expected, the number of places allocated to aged care or digital skills needs to be adjusted to hit the target number of enrolments as set out in paragraph 7, the state will seek the agreement of the Commonwealth to re-allocate places.
11. States will actively promote access to both aged care and digital skills courses and will provide detailed progress reporting on these two targets. This data will be included in monthly reports.
12. All governments will take steps to promote access to training funded through the Fund, with States having primary responsibility for promoting access to the Fund within their own jurisdiction and the Commonwealth promoting access to the Fund through My Skills and through the employment services system.
13. States will provide the Commonwealth with the information outlined in Table 2 of this Schedule, to enable promotion of the Fund on the My Skills website. This will ensure that students have access to relevant information to make informed decisions about the courses available under the Fund and the contracted RTOs.
14. The Commonwealth and relevant states may agree to additional cohorts taking into account the economic impact of the pandemic and take up rate of the Fund.

What training will be funded?

15. Training places offered through the Fund must be free or low fee.
16. Funding will be available for nationally accredited qualifications and short courses (including part qualifications and skillsets) in areas of identified and genuine skills needs, based on a list agreed between states and territories and the NSC.
 - a. The training can be undertaken to start skills development in a particular field, with the short courses forming a building block to a full qualification at a later date.
 - b. The training can be undertaken to support entry into new roles, specific technical competency or licensing requirements.
 - c. The training can be undertaken to commence upskilling in the person's chosen field with a view to increasing workforce capability in key areas.

- d. The list will be updated on an as-needed basis to reflect emerging skills needs or new courses, for instance qualifications and skillsets identified by the AISC Emergency Response Sub-Committee.
 - e. States and territories may propose additional qualifications and short courses for inclusion in the list at any point during the term, for the NSC's agreement. The NSC will promptly consider any proposals for additional courses and will not unreasonably withhold its agreement.
17. Under this Fund there will be a reasonable offering of full qualifications and short courses. This is important to provide flexibility for those that are looking to undertake some training before re-entering the workforce. Short courses will also enable young people to gain some initial skills or try training in an area of interest.
18. Subject to paragraph 7, States will determine which qualifications and short courses need to be prioritised for delivery to meet local employment and industry needs. Part qualifications will be derived from the agreed list of qualifications. On a state by state basis, the NSC will agree prices for training in each qualification and student loadings paid to RTOs, before places funded through the JobTrainer Fund for that qualification are allocated in accordance with the process advised by the National Skills Commissioner.
 - a. States will provide the NSC with the prices for each of the listed qualifications to be funded in their jurisdiction and student loadings, for the NSC's review and agreement. Within the overall pricing arrangements, states will have flexibility for how they purchase and/or deliver training, and this could be done through blended arrangements (such as upfront purchase of course development followed delivery at marginal costs). If requested by the NSC, states will provide supplementary information to assist the NSC to understand the basis for the state's proposed prices.
 - b. Where the AISC Emergency Response Sub-Committee agrees a new skillset during the term of JobTrainer, the NSC will work with states to agree pricing for that skillset in their jurisdiction.
 - c. Where states seek to include part qualifications and skillsets, the price will be based on a pro-rata of the price agreed with the NSC for the equivalent full qualification, unless an alternative has been agreed with the NSC.
 - d. Student loadings may provide for increased services to support the student and to account for increased cost of training delivery.
19. States will determine, and contract, providers to deliver subsidised training under the Fund and will use a mix of public and private RTOs. Within the arrangements in this Schedule, States will have flexibility to determine which providers deliver which course. They will also determine the price paid to public and private providers for agreed qualifications and short courses for agreement with the NSC.
20. In order to expand training places in a short period of time and manage quality, priority will be given to RTOs that:
 - a. have an existing government training contract in place

- b. have a track record of delivering high quality training to achieve outcomes in a similar field or for target cohorts
- c. have the qualification or skillset on scope of registration
- d. can demonstrate capacity to commence delivery rapidly.

Targeting training and the staged approach

21. States will assess the needs of the target cohorts and develop a mix of training that supports them to maintain a connection to the labour market and equips them for work as the economy recovers.
22. States will periodically assess the needs of the cohorts and adjust the Fund's training offerings where necessary.

Timing

23. On 12 August 2020, the NSC released an initial list of qualifications for state and territory input. States and the NSC agreed the list and the prices for the qualifications that states wished to initially fund by September 2020. Noting this, the list will be live and can be updated.
24. The Enrolment Period for this Schedule is September 2020 to 31 December 2022, unless varied by the Parties in accordance to this Schedule.
 - e. Commonwealth and Western Australia Skills Ministers agreed to vary the Enrolment Period to begin from 1 July 2020 for measurement of committed expenditure and activity for Western Australia .
25. Training places under the Fund will be made available as soon as possible, with the first subsidised training places made available in September or October 2020, unless the jurisdiction is implementing COVID-19 related restrictions which prevent delivery.
26. For the JobTrainer extension and expansion, training places will be made available to additional target cohorts no later than 60 days from signing the revised schedule.
27. A review was undertaken in February 2021 to assess progress including with respect to demand for training and any changes in the health and/or economic environment to inform required adjustments to the scope, size and timing of the Fund.

Distribution of Commonwealth funding

28. The Commonwealth contribution will be offered to states on a per-capita basis (as agreed with those parties).
29. States may use up to ten (10) per cent of the value of the Fund for ancillary purposes to support the delivery of JobTrainer funded places and student outcomes.
 - f. Ancillary purposes might include:
 - i. Promotion of JobTrainer
 - ii. Wraparound support services to help disadvantaged learners to access training

- iii. Funding support to assist students in accessing required work placements, particularly in the aged care context
 - iv. Support for learners to access training that is best suited to their needs and the local jobs market and to transition from learning to employment.
- g. States will not use the fund to fund wage subsidies, to upgrade state and territory IT systems or fund major capital works.

Baseline and matched funding requirement

30. States will match the Commonwealth’s funding contribution. This contribution may be met through the allocation of funding under existing program streams but must be in addition to the agreed Baseline Funding commitment.
31. All parties will be required to meet the Baseline Funding commitment set out in Table 1 on average in 2020, 2021 and 2022.
32. The Baseline Funding commitment has been determined by reference to 2019, based on the 2019 NCVET Funding Collection (currently under peer review), with adjustments for agreed one-off spending and state funding contributions under JobTrainer (Table 1 refers).
33. If the Baseline Funding commitment is not met on average across 2020, 2021 and 2022, Commonwealth payments to states under a new long-term skills funding agreement may be reduced to offset the shortfall in funding. The Commonwealth will not seek to offset shortfalls in funding driven by factors outside the control of States and where States have demonstrated best endeavours to fulfil the Baseline Funding commitment.
34. Where students do not complete training being funded through JobTrainer, any unspent funding associated with that student will be redirected back into the JobTrainer fund to support additional places.

Table 1: State and Territory Baseline Funding commitments and additional contributions under the JobTrainer Fund (\$m)

	Level of baseline funding	Additional JobTrainer funding
NSW	1,099.7	159.2
VIC	869.8	130.3
QLD	618.3	100.5
WA	355.7	51.8
SA	187.6	34.5
TAS	106.2	10.5
ACT	79.8	8.4
NT	76.6	4.8

Training places

- 35. States and the Commonwealth will agree an indicative number of training places to be delivered through the JobTrainer Fund in each jurisdiction as part of each Delivery Plan. States will provide an initial notional split between full qualifications and short courses as well as the respective average pricing estimates. These splits and pricing estimates may be varied at any time during the term by a state notifying the Commonwealth in writing of a change in the split.**

The Parties have confirmed their commitment to this schedule as follows:

Signed for and on behalf of the Commonwealth of Australia by

The Honourable Stuart Robert MP
Minister for Employment, Workforce, Skills, Small and Family Business

[Day] [Month] [Year]

Signed for and on behalf of the State of New South Wales by

The Honourable Dr Geoff Lee MP
